HOSPITALS ATTACKED

Deliberate Attempt By Foe Made On Americans.

Use of High Explosives and Gas Shells Fortunately Does No Damage.

With the American Army in France, May 29.—High explosives and gas shells were hurled by the Germans within a few hundred yards of two American hospitals in the rear of the lines. The attack was apparently a deliberate attempt to wreck the buildings. Fortunately no damage was done.

Funeral Party Shelled.
By a coincidence the bombardment was going on while American funerals were being held. Several shells fell a short distance from one funeral party but the ceremony was not disturbed.

German attempts to carry the warfare to American sick and wounded began about 10 days ago, when, with the advent of a new moon, enemy airplanes circled over the little villages where it has long been known hospitals were located, and dropped bombs.

Several civilians were injured in a recent air raid while not far from the American hospitals. They were asleep when the attack began, feeling secure in their proximity to the hospitals.

Much indignation has been caused among the soldiers and civilians over the air raids, and bombardment.

Gen. Wood Will Command American Troops in Italy

(By United Press)
Washington, May 29.—Following General Wood's interview with President Wilson it is reported he will send him to command the American forces in Italy. It appears certain that he will not be placed where he will clash with Pershing, hence Italy is a safe place. It is reported that Gen. Wood aroused Pershing's displeasure by arranging a personal review of the Italians before consulting Pershing.

Wood Removed on Pershing's Recommend

(By United Press)
Washington, May 29.—It is learned on high authority that General Wood was removed from the command of a division upon Pershing's recommendation.

Sterling Nominated For Senator S. D.

(By United Press)
Pierre, S. D., May 29.—It seems certain that Senator Sterling, republican, is nominated over Frank Byrne for U. S. senate. Byrne campaigned on the taxation of excess profits.

ENOUGH LAND TO BURY DEAD

French Military Officials Say That is Total German Gain.

Paris, May 29.—The result of the first day of the long expected German offensive are considered in competent French quarters as satisfactory. By paying the price, it contended, it was inevitable that the enemy could gain ground. After the terrific struggle throughout the day the Germans at a ruinous cost advanced at the farthest point three and a half miles.

Military officials say that the enemy has won enough ground to bury the dead and that is all.

German Offensive Continues With Furious Fighting

(By United Press)
Paris, May 29.—The official French statement says the German rush with the arrival of fresh divisions continued last night on the two wings of the Soissons-Rheims front. The French have been drawn back to the eastern border of Soissons where the battle is progressing furiously. This represents a maximum retirement of nine miles on the extreme French left. On the right flank the French and British after an energetic defense of St. Thierry, four miles northwest of Rheims have been drawn back slowly to the south and southeast of these heights. Are now holding on the Vesel canal and Aisne. On the center the fighting continues fiercely.

Americans Break Two German Attacks

(By United Press)
Paris, May 29.—An official statement says the Americans have broken up two successive German attacks on the newly captured town of Cantigny.

ALLIES DOWN 252 PLANES

252 German Airplanes Destroyed in a Week

(By United Press)
Washington, May 29.—Allied airmen have downed and destroyed two hundred and fifty-two German airplanes during the week beginning May 16 and ending May 23. These operations included only the western front.

Germans Aim to Drive Wedge Through Allies' Line

BY HENRY WOOD.
(United Press Staff Correspondent.)
With the French Aisne, May 29.—The indications are that Ludendorff intends driving a wedge through the Franco British lines midway between Soissons and Rheims. The Germans engaged 25 divisions. The allies are making a dogged resistance against these, permitting the allied reserves to arrive. The German line is now one hundred eighty-six and three tenths miles long. It is believed the Germans hope through the present tactics to tie up the French reserves.

Americans Break up German Gas Attack

(By United Press)
With the Americans in Lorraine, May 29.—A terrific German gas attack which began at one o'clock yesterday, was broken up by American artillery fire. After two batches of gas had been thrown into our positions, the guns began pounding the gas layout to pieces. The Germans dispatched a patrol against the Americans in the gassed area expecting an easy capture of the paralyzed defenders, but found the Americans very much alive however. After a stiff fight the Germans finally retired with heavy losses.

American Losses Battle of Cantigny Are Very Light

(By United Press)
American Headquarters, May 29.—American losses in the battle of Cantigny are very light says an official statement. Artillery activity has increased.

Americans Took 200 German Prisoners

(By United Press)
With the Americans in Picardy, May 29.—The final account shows the Americans took 82 German prisoners including five officers when the Americans took Cantigny.

American Troops Fight With Enthusiasm

(By United Press)
With Americans Aisne, May 29.—American troops charged to capture Campigny yelling "now we are in German, wallop hell out of them, and go on to Berlin." After the fighting, the commander telephoned headquarters "This is Cantigny speaking."

Casualty List

Washington, May 29.—Gen. Pershing reported thirty casualties.

WORK ON GULL LAKE ROAD NOW UNDER WAY

Crew of Engineers Placing Necessary Stakes, Contractors Preparing to "Make Dirt Fly"

Headquarters of the Three Contractors, Bridges to be Built by the Iowa Bridge Company

Work on the Gull Lake road from Brainerd to Jenkins, three miles north of Pequot, is getting under way.

A crew of engineers is going over the road placing the necessary stakes and the contractors are getting things in shape to "make the dirt fly." The contractors expect to complete the work by October 1, 1918.

Franzen Brothers of Palsade, who have the north section from Jenkins to the corner two miles south of Pequot, known as the little red school house corner, will make their headquarters at Pequot. Their bid for the contract was \$13,860.58.

A. Thursdale & Co., of Bemidji, who have the middle section from Gull Lake to Nisswa, are planning a camp at Twin Lakes. Their bid was \$32,029.53.

James Wilkins & Co., of Park Rapids, was awarded the south end of the road from Brainerd to Gull Lake, amounting to \$29,365.81.

The Iowa Bridge Co. was given the contract for three bridges amounting to \$3,780.

E. J. Fennelly, of Aitkin, was given the contract for culverts at \$1,408.44.

Germany Demands Withdrawal of Shipping by Denmark

(By United Press)
Washington, May 29.—Germany has demanded in a virtual ultimatum that Denmark withdraw immediately from the allied trade 400,000 of Danish bottoms offered in exchange for needed products from the United States and England. Negotiations are progressing between Denmark and the United States.

Paris Paper Reports 15 Mile German Advance

(By United Press)
Paris, May 29.—The Echo De Paris says the German advance at certain points on the Aisne front has reached a depth of fifteen and a half miles.

Minor Operations Reported by Haig

(By United Press)
London, May 29.—General Haig reported we took a few prisoners and machine guns in a successful raid southeast of Arras last night. A few prisoners were taken west of Merville last night. An attempted enemy raid between Givenchy and LaBasse was repulsed.

FOUR BOCHE AIRMEN DOWNED

Three American Aviators Make Short Work of Them.

With American Army in Lorraine, May 29.—Three American aviators defeated four German airmen in a spectacular battle over the lines today, destroying one enemy plane and driving the others back behind their lines.

The fighting raged for a quarter of an hour during which the machines constantly were engaged in thrilling maneuvers.

Just before the Germans fled the wings of one of their machines was entirely shot away, so that the fuselage dropped like a plummet.

VILLAGE IS CAPTURED

Successful Attack Is Made by American Troops.

Cantigny Taken and Heavy Losses in Killed, Wounded and Prisoners Inflicted on Enemy.

Washington, May 29.—The village of Cantigny has been captured by the Americans, who attacked on a front of one and one-quarter miles in Picardy, took 200 prisoners and inflicted serious losses in killed and wounded on the Germans, says General Pershing's communique made public at the war department. The American casualties were relatively light.

The statement follows: "In Picardy our troops attacking on a front of one and one-fourth miles advanced our lines and captured the village of Cantigny. We took 200 prisoners and inflicted on the enemy severe losses in killed and wounded. Our casualties were relatively small. Hostile counter attacks broke down under our fire."

"In Lorraine and in the Woivre artillery of both sides continued active. Early in the day our aviators shot down a hostile machine."

Cantigny, the first village to be captured by Americans, is approximately four miles northwest of Montdidier, and about 17 miles southwest of Amiens.

It was in this region that the peak of the German March drive was reached and it was around here that extremely sanguinary fighting took place.

The epochal attack launched by the Americans was evidently in the nature of a surprise and was intended along with other efforts of the Allies in various other parts of the line to relieve pressure on the forces withstanding the heavy blows along the Aisne.

MEMORIAL DAY

Mothers of men who for freedom
have died.
We ask to be with you today,
To weep for your heroes, to kneel by
your side,
And to offer our garland of bay.
The nation, sad mothers, is sharing
your grief.
For your sons, so heroic and strong
Who gave up their lives for a simple
belief
That oppression and murder are
wrong.
To you then this people its pledge
freely gives
That the cause for which they
gave their lives
Shall triumph, as sure as America
lives.
As sure as her honor survives!
The boys who are buried out there
in Lorraine
Who in Flanders lie under the sod,
Shall not for our freedom have suf-
fered in vain.
So help us, Omnipotent God!

Dr. and Mrs. Long and Miss Beck, Soon to Leave Brainerd Presented With Tokens of Esteem

Last evening the recital given at the Methodist church by Miss Signe E. Beck, contralto, assisted by Miss Fern Hitt, violin, Wm. Rodenkirchen cello, Morris D. Folsom, piano, and the Apollo male quartet, was a high class entertainment in every way, every number bespeaking the artistic talent of the musicians. The audience were deeply appreciative. Miss Beck has a beautiful contralto voice and has the rare ability of singing into the hearts of her listeners. Her renditions last evening were highly gratifying to her many friends in the audience.

Immediately following the musical the Baraca and Philathea classes of the Bible school gave an informal reception in honor of Dr. and Mrs. E. E. Long and Miss Beck. After participating in a short musical contest, George Love, acting toastmaster, called on the president of the Philathea class, Mrs. Herbert Peterson, to say a few words. Regret was expressed that Mrs. Long, a charter member of the Philathea class was soon to leave and words of appreciation were spoken. Mr. Denison then spoke words of appreciation of the help Dr. and Mrs. Long had been to the classes and to the church, and on behalf of these two classes presented them with a handsome silver set of knives and forks. The doctor and his wife both responded with deep feeling to this surprise. Their many friends will miss them much here. They will make their future home in Fargo where the doctor will have an interest in a sanatorium which affords a very attractive field in so beautiful a city.

The pastor made brief remarks and on behalf of the Philathea and Baraca classes presented Miss Beck with a beautiful souvenir teaspoon of Brainerd in token of appreciation of her giving so willingly of her musical talent to the church during the past year. Miss Beck replied with most fitting words, expressing her enjoyment of her work in the choir and her regret at the thought of separation from her many friends here. Dr. Long then with appropriate words of appreciation presented Miss Beck on behalf of the choir with a beautiful umbrella. Delicious refreshments were served and a most enjoyable evening spent.

How He Foretold Weather.

At Whitby, when the moon is surrounded by a halo of watery clouds, the seamen say there will be a change of weather, for the moon dogs are about. An amusing story is told about a fisherman in Torquay. A gale having taken place during the night, he said he had foreseen it, as he had noticed a star ahead of the moon towing her and another stern chasing her. "I know'd 'twas coming then, safe enough," he told them all.—London Mail.

RED CROSS FUND
NEARING \$21,000

Total Climbing as Reports Come in. Three Districts are Still Incomplete in Returns

HORSE DONATED TO THE FUND

Also Two Loads of Hay—Henry I. Cohen Charge of Horse and Lincoln Has the Hay

With incomplete reports from three districts and small straggling amounts coming in for the Red Cross War Fund today, the aggregate at noon was \$20,787.11.

The complete summary will be available the latter part of the week and Chairman Schrader estimates it at nearly \$21,000.

The committee has a horse, saddle and bridle donated which must be disposed of. "Pegasus" is now munching hay at the Zierke stables on Front street and parties who desire to look him over can call on the city chairman, Henry I. Cohen. Mr. Cohen allows it is a regular Red Cross nag and 100 per cent American. He will be worked out in harness, company or show his six gaits at the asking. "Pegasus" has that knowing look of "listening for his master's voice" and is in fact a right wise equine.

Two loads of hay have also been donated. Here's a chance to lay in for the winter and make some gentle bovine happy. Phone the city chairman or headquarters at the Chamber for particulars.

Kruger as Solomon.

That very cunning person, President Kruger, was once called upon, as King Solomon before him, to pass judgment in a matter of ownership. The case was that of two brothers, who had been left a farm and could not agree as to the division which had to be made. They agreed that, rather than take the matter to the courts, they would let President Kruger decide. President Kruger appears to have hesitated about a little as King Solomon did. He instructed the elder brother to make what he considered a fair division, and then he gave first choice to the younger brother. A solution like Solomon's, both masterly and simple.

HOW Name of Great Waterway May Be Changed

Among the many changes in maps as a result of the war will probably be that of a new name for the North sea or German ocean, unless the world is forced to accept maps "made in Germany." Ever since hostilities started an agitation has been going on in Great Britain for a new designation of this body of water and the name "German ocean" has been expunged from the British ordinance survey maps.

The title "British sea" has been suggested as a mark of special honor in recognition of the watchfulness of the British navy and mercantile marine.

History shows that the German ocean was so called by the Romans before they discovered the extent of the British shores. The seaboard from the Shetland Islands to North Foreland is 875 miles in length, whereas the combined seaboard of all other countries within its littoral measure 840 miles, including that of Germany, which is only 140 miles.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

YANKEES STOP THREE ATTACKS

Large Scale Raids By Enemy Thrice Halted By Americans In Picardy.

WIN COUNTERATTACK

Drive Boches From Their Trenches and Hold Captured Positions Until Ordered to Withdraw to Their Original Line.

With the American Army in Picardy, May 29.—The American lines were subjected to three determined German attacks, in the nature of large scale raids.

The first, before Fontaine Sous Montdidier, was at 6:15 a. m. The second, and third were launched simultaneously at 7:30 a. m., one to the right of Cantigny and the other again before Fontaine Sous Montdidier. All were repulsed with heavy German losses.

Not only were the attacks repulsed, but the Americans drove the boches from their trenches in a counter attack, holding the captured positions until they were ordered to withdraw to their original line.

Foes Charge in Two Waves.

The first attack was preceded by a barrage and followed the pounding of the American rear position by enemy artillery at night. The boches advanced in two waves, in the face of heavy machine gun and artillery fire. They succeeded in entering our lines, but a counter attack was immediately organized and they were driven out.

The retreating Germans were taking an American prisoner with them, when several of his comrades leaped from the trenches, caught up with the boches, killed the entire party guarding the prisoner and brought him back.

The second assault before Fontaine Sous Montdidier was as violent as the first, but the enemy was unable to penetrate the American lines. The counterattack then carried the Americans into the boches' line, which they held for more than an hour.

Hot Reception for Boches.

Near Cantigny the Germans got such a hot reception that they did not attempt to repeat the assault. The observers reported heavy enemy losses, artillery, machine gun and rifle fire cutting down the advancing boches, who left a great number of dead in No Man's Land.

The three attacks netted the Americans five German prisoners. American positions were considerably mauled by the enemy artillery and the troops are working hard to reconstruct them in preparation for a resumption of the German assaults.

TROOPS REACH COAST CAMP

Minnesota and Dakota Boys Arrive at Camp Lewis.

Camp Lewis, Tacoma, Wash., May 29.—The first troops from Minnesota and the Dakotas have arrived at Camp Lewis. More than 8,000 men are expected.

The process of making United States citizens of 5,199 Camp Lewis soldiers, now subjects of other countries, began when the first of the alien enlisted men of the cantonment, including enemy aliens, appeared at the library of the 166th depot brigade for the preliminary process of naturalization.

Approximately 200 men from Washington and Idaho arrived in the May contingent of the draft, which is to bring some 12,000 men. According to the latest weekly health report, the mean strength of the camp is 40,430 men.

Roosevelt pointed out "our duty to speed up the war and put it through."

VOTE IS VERY LIGHT

Steady Rain Interferes With South Dakota Primary.

Senator Sterling Is Leading His Opponent, Frank M. Byrne, in Race for Renomination.

Sioux Falls, S. D., May 29.—Many South Dakota voters were kept at home by a heavy rain which fell all day in most parts of the state and as a result the lightest vote ever recorded was cast in the primary election, according to incomplete reports.

On the face of the early returns, it was indicated that less than half of the normal vote would be cast.

Although the returns received were meager, those received showed Senator Sterling, Republican, leading his opponent, Frank M. Byrne, by 859 votes.

In the race for congress in the First congressional district, C. A. Christopherson, Republican, led his opponents, T. W. Dwight and R. C. Johnson, Republican, of Aberdeen, leading the congressional race in the second district. No returns were obtainable from the western part of the state.

HAVE CONFIDENCE IN ARMY

New German Offensive Fails to Alarm English People.

London, May 29.—The British public received the news of the resumption of the German offensive with less manifestation of anxiety than was observable during the critical days last March. At that time the Germans sprang a surprise, as the British people did not expect the Allied line to fall back.

On the present occasion, however, the much advertised resumption of the German onslaught found the public prepared. Furthermore, the attack came under somewhat changed conditions, such as the unified command and new troop dispositions, all of which give the people here greater confidence in the final outcome of the gigantic struggle.

65,000 GERMANS ARE HELD

Prisoners in England Engaged in Farming and Other Work.

London, May 29.—There are 65,000 German prisoners of war in Great Britain, it was announced in the house of commons by James Ian McPherson, parliamentary secretary to the war office. Of these, he said, 12,000 were employed in farming and other work of national importance, while 10,000 more had been designated for similar employment.

400,000 MEN PROVIDED FOR

Majority of Discharged British Soldiers Secure Former Positions.

London, May 29.—Discussing the problem of demobilization after the war, the minister of labor, George H. Roberts, said in a speech at Southwick that 400,000 discharged soldiers had been provided for already. Of these 60 per cent have returned to their old employers.

Cannot Grant Applications.

Washington, May 29.—Applications of many industrial corporations and public utilities to the war finance corporation for direct loans cannot be granted, it was announced, because the law permits loans only in exceptional cases and where adequate security is furnished. In a statement of policy, the finance corporation directors also explained the corporation cannot be expected to make loans for refunding many cases of maturing obligations, as sought in applications.

ALL COMPANIES AGREE TO MERGE

Express Concerns in the United States Will Pass Under One Control.

M'ADOO GIVES ASSENT

New Corporation Capitalized at Thirty Million Dollars Will Handle Transportation Business in the Near Future.

Washington, May 29.—By agreement between Director General McAdoo and the Adams, American, Wells Fargo and Southern companies, one union express company for the United States was granted. The transportation business will be merged under a new private corporation with capital of over \$30,000,000, to be known as the Federal Express company.

George C. Taylor, now president of the American, will be head of the new concern.

After July 1, when the combination becomes effective, shippers will direct shipments "by express," without regard to company and thereafter the individual names of the separate companies will begin to disappear from wagons, stations and cars. The company will be the express carrying agency of the railroads, operating privately, but under contract to turn over 50 1/2 per cent of their gross revenues—more than \$200,000,000 last year—to the roads for transportation privileges.

Three smaller railroad-owned companies, the Western, Great Northern and Northern, may join the combination later.

Rate Increase Pending.

A pending application for 10 per cent increase in rates, filed before government operation of railroads for the express combination was contemplated, will be passed upon soon by the Interstate Commerce commission.

More than 100,000 employees of the four companies are to be retained under the new operation and their wages will be raised in many cases, according to Mr. Taylor. The amount will be determined after the scale of wage advances ordered for railroad employees is examined carefully.

Through economies by the common use of wagons, trucks, distributing stations, city offices, warehouses, railroad cars and other equipment, and other simplification of accounting, the merged companies hope to save many millions of dollars and render better service.

Though the merger is arranged under war exigencies, it is planned as permanent. Last year the four leading companies barely made expenses and the Adams recorded a deficit. Early months this year showed even a worse record, owing to the general demoralized conditions of railroad transportation, the rising cost of materials and shortage of labor.

SEVEN KILLED; 18 WOUNDED

Thirty-eight Names Appear on Last U. S. Casualty List.

Washington, May 29.—The last army casualty list contained 38 names, divided as follows: Killed in action, 7; died of wounds, 1; died of drowning, 1; died of disease, 5; wounded severely, 18; missing in action, 6. The following northwest names appear: Private David D. Nohsenberg, Dröcke, N. D., killed in action; Private Herman H. Reich, Bloomer, Wis., and Private Michael T. Wilman, Ashland, Wis., wounded severely.

WEEK'S LOSSES ARE 33,694

British List Gives Over Thirty-five Hundred Men Killed.

London, May 29.—British casualties reported in the week ending May 28 reached a total of 33,694. They are divided as follows:

Killed or died of wounds: Officers, 168; Men, 3,527.

Wounded or missing: Officers, 735; Men, 29,264.

The total for last week was 36,677, and for the week before, 41,612, the largest of any week since the beginning of the German offensive.

GAIN PLEASES FOE PAPERS

Amsterdam, May 29.—German newspapers are enthusiastic about the crown prince's progress in the Chemin des Dames region, pointing out that this demonstrates the German offensive power is not broken. The advance is hailed as a Hohenzollern dynasty victory in which the future kaiser is "striking the final blow toward victory."

New York Big Hospital Base.

New York, May 29.—New York is to be a war hospital base with accommodations for 50,000 wounded soldiers, if present plans of the medical department of the army are carried out, it was learned. The Greenhut store building in the heart of New York, the first of a group of buildings to be taken over, has been leased for the duration of the war and one year after. It will be used as a clearing hospital for wounded soldiers. Work of clearing it out and installing 4,000 beds has started.

Increase of Days.
 Owing to astronomical causes which cannot be explained briefly, the sun does not always cross the meridian exactly at noon, local time, but is sometimes several minutes fast, and at other times is several minutes slow. At those seasons when it is gaining, the little additions which are made alike at both ends of the day will be most apparent at sunset, whereas the addition will be more noticeable at dawn if the sun is falling behind. Between June 21 and December 21, when the days are growing shorter, the subtraction at both ends is alike. But it is most apparent at dawn if the sun is gaining time and at sunset if the sun is falling back.

The Citizens of Brainerd

May 28th, 1918

At the suggestion of your City Council we are publishing below at length the proposed amendatory ordinance which we have asked your City Council to pass, the purpose of which is to give us the right for and during the present war and thereafter until conditions again become normal, which shall not exceed two years following the close of the war, to add to our bills for gas furnished in Brainerd an emergency "surcharge" of 35c per 1000 cu. ft. of gas used. Our request for this temporary "surcharge" is vitally important to this company and to your city and we want every citizen of Brainerd, as well as our consumers, to know just what we are asking for. The proposed ordinance is as follows, to-wit:

ORDINANCE NO.

An Ordinance to amend Ordinance No. 259 of the city of Brainerd, Minnesota, entitled "Ordinance Number 259, an Ordinance granting unto the Light & Power Company, a corporation, organized under the laws of Minnesota, its successors and assigns, the right to construct, operate and maintain a gas plant and works for the manufacture and supplying of gas for all purposes in the city of Brainerd, Minnesota, and fixing the rate to be charged for supplying gas for household, domestic and other purposes."

The Council of the City of Brainerd do ordain:

Section 1. That Ordinance No. 259 of the ordinance of the City of Brainerd, Minnesota, is hereby amended by amending Section 10 thereof to read as follows, to-wit:

Section 10. For and in consideration of the rights and privileges granted by this ordinance, the said grantee hereby agrees during the term hereof to furnish an adequate supply of gas of standard make, either carburetted water gas, or coal gas, or a mixture of the two, of the quality in this ordinance set forth, at a maximum price to private consumers not to exceed One and 50-100 Dollars (\$1.50) per thousand (1,000) cubic feet of gas used for illuminating purposes, and not to exceed One and 35-100 Dollars (\$1.35) per thousand (1,000) cubic feet of gas used for fuel purposes.

It is provided, however, that a discount of ten cents (10c) per thousand (1,000) cubic feet shall be made to any consumer who shall pay the amount of his bill, less said reduction at the office of said Light & Power Company, its successors or assigns, in the City of Brainerd, Minnesota, in cash on or before the 29th day of the month succeeding that for which his bill is made; this discount to be for those using twenty thousand (20,000) cubic feet or less per month. For those using over twenty thousand (20,000) cubic feet and less than thirty thousand (30,000) cubic feet, fifteen cents (15c) per thousand cubic feet; for those using over thirty thousand (30,000) cubic feet and less than forty thousand (40,000) cubic feet, twenty (20) cents per thousand (1,000) cubic feet; for those using over forty thousand (40,000) cubic feet and less than fifty thousand (50,000) cubic feet, twenty-five (25) cents per thousand (1,000) cubic feet; twenty-five (25) cents per thousand (1,000) cubic feet; for those using over fifty thousand (50,000) cubic feet and less than sixty thousand (60,000) cubic feet or more, thirty-five (35) cents per thousand (1,000) cubic feet.

Provided, further that the said Light & Power Company, its successors or assigns, hereby agree with the City of Brainerd, Minnesota, by the acceptance hereof to furnish said city for street lighting purposes only, street lamps to be furnished by the City, wherever its pipes may be located, such gas as may be required by the City for ninety (90) per cent of the regular minimum price at the time gas is used.

Said Light & Power Company, its successors and assigns, further agree to reduce the price of gas at the rate of five (5) cents per thousand cubic feet when the output shall have reached twenty-five million (25,000,000) cubic feet per annum.

Provided, however, any provision of this ordinance to the contrary notwithstanding, that, by reason of the sudden and unprecedented increases in the costs of manufacturing and supplying artificial gas resultant from conditions brought about by the present war, said Grantee, its successors and assigns, is hereby

granted the right, for and during the period of the present war and thereafter until conditions again become normal, meaning by normal conditions the conditions which would have been attained normally had war conditions not intervened, which shall not exceed two (2) years next following the date of the Proclamation by the President of the United States of the exchange of ratifications of the Treaty of Peace, to add to its bills for gas furnished to said city and its inhabitants for illuminating and fuel purposes an emergency "surcharge" of thirty-five cents (35c) per thousand (1,000) cubic feet of gas used.

Section 2. That the Brainerd Gas and Electric Company, the assignee of the Grantee named in said Ordinance Number 259, shall file its written acceptance hereof with the City Clerk of said City of Brainerd within thirty (30) days after the passage and publication of this ordinance.

Section 3. This ordinance shall take effect and be in force for the period hereinafter specified from and after one (1) week after the day of its publication, it being the intention of said Council that at the expiration of said period said Section 10 of said Ordinance No. 259 shall forthwith be reinstated according to its original terms.

Passed at a regular meeting of said council held on the day of May, 1918.

President of the Council of the City of Brainerd, Minnesota.

Attest: City Clerk.

Approved this day of 1918.

Mayor, City of Brainerd.

As stated in one of our previous articles the President of the United States and the Secretary of the Treasury have placed themselves on record to the effect that as a matter of fairness in the face of present abnormal price conditions, the people of this country and the law-making bodies representing them should willingly and promptly take such action as circumstances warrant to permit public utility companies to

charge for the commodities they produce, rates that will enable the companies to maintain their plant at maximum efficiency and continue furnishing adequate and satisfactory service to consumers and meet their legitimate financial requirements. The Governors of quite a number of states have expressed themselves in favor of fair treatment of these utilities and the same sentiment exists in the minds of the business men comprising many, if not all, of the state public service commissions under the direction of which public utilities are operated.

At the present time there is no public service commission in this state. Hence your City Council, representing the citizens of Brainerd, is the body to whom we must look for relief, but in fairness to them we want you to understand the present situation.

Our Production Costs Have Increased Very Largely, [To-wit:]

Steam Coal.....	120 Per Cent
Gas Coal.....	160 Per Cent
Gas Oil.....	233 Per Cent
Labor.....	10 to 40 Per Cent

Very truly Yours,

Brainerd Gas and Electric Company

WAR SAVINGS STAMP DRIVE

Crow Wing County's Allotment, Says
County Chairman H. F. Michael,
is \$357,000

INTENSIVE CAMPAIGN JUNE 6TH

District Chairmen Being Appointed
Stamps Bear Four Per Cent In-
terest Compounded

Uncle Sam now asks that every-
body have War Saving Stamps. When
this movement was launched it was
done without the drive which has
characterized the raising of money
for other activities. The small sav-
er was first interested.

Now the government is asking
that the \$2,000,000,000 first asked
for be fully subscribed and to se-
cure this Crow Wing county has
been asked for \$357,000. This in
allotment nearly equals what was
asked for in the last Liberty Loan.
There is a credit of about \$22,000 al-
ready raised leaving approximately
\$335,000 yet to be subscribed.

The War Saving committee of
which H. F. Michael is chairman, is
busy preparing for the drive be-
ginning June 6th when the county
will be canvassed as it was for the
Liberty Loan.

District chairmen are being ap-
pointed and will soon be announ-
ced and the work begun.

This investment is so good that
the government has limited it. But
\$1,000 will be sold to any individual.
These stamps bear four per cent in-
terest compounded quarterly prac-
tically equaling the 4 1/4 of the last
loan. They are attractive because
they will be paid January 1st, 1923.

The government guarantees that
these are always worth full value
and if it becomes absolutely neces-
sary that the investor secure his
money he can cash his stamps at full
value with interest upon 10 days' notice.

It should be noted that another
splendid feature of W. S. S. is that
the pledges are to be paid during the
balance of the year at the purchas-
er's convenience, either in weekly or
monthly installments.

LONG PRAIRIE VS. BRAINERD

Game called at 3 o'clock at the
Koorring grounds Thursday after-
noon.

It will be a good game, and Brain-
erd will put up as fine an exhibition
as at Royalton last Sunday and that
spells victory for the locals.

Hannan will pitch and he has a
strike out record.

The new \$10,000 infield (they
didn't cost that much and are not
paid any salary, but they are worth
that any day) will romp around.
They include "Spaw" Cook, the light-
ning Benda, the equally fast Car-
rieau and young Stallman. Back of
this first line defense is an outer
garden that Connie Mack would like
to own. On the firing line is Han-
nan and Gaskill.

We won't make any guesses this
time, but we are morally certain that
Brainerd nabs the long end of the
score Decoration Day.

STATE PIONEER CALLED TO REWARD

John Allen Sutherland Died of
Bright's Disease Tuesday at Ripe
Age of 89 Years

DROVE SUPPLY TEAM IN WAR

For 47 Years was Teamster in Log-
ging Camps, Was at New Ulm
Time of Indian Massacre

John Allen Sutherland, age 89,
died Tuesday evening, May 28, at
9:30 o'clock of Bright's disease, at
the home of his daughter, Mrs. P.
F. Grondin.

He was born at Sebec, on the Pen-
obscot, Maine, March 9, 1829.

Mr. Sutherland was one of the
first pioneers of Minnesota, coming
here while it was yet in a forest
stage. During the Civil War he
drove supply teams for the Minne-
sota boys, and he took active part in
the burial of the victims of the New
Ulm massacre.

He was a resident and property
owner of Minneapolis for many years
and from there he moved with his
family to Detroit, Minn., when it
was a frontier trading post. He finally
made his home at Brainerd.

For 47 consecutive years he was
teamster for logging companies and
followed the river during the sum-
mers.

On Nov. 28, 1865, he was married
to Miss Georgina Adelia Vail of Bos-
ton, Mass., who died July 29, 1899.

From there they came to Minneap-
olis where seven children were born
to them, four girls and three boys, of
which five survive him, namely:
Mrs. P. F. Grondin of Brainerd; Mrs.
P. B. Lewis, of Aitkin; Chas. D. Suth-
erland, engineer at Model Laundry;
Miss Hattie Sutherland, of Wiscon-
sin, and Edgar F. Sutherland of
Brainerd.

The funeral took place this after-
noon from the D. E. Whitney chapel,
Rev. R. E. Cody officiating. Inter-
ment was at the Evergreen cemetery.

At the Best Today and Tomorrow

Metro's great special production de-
cades, "Revelation," is a revelation in
fact as well as in name. It reveals
the art of the great Nazimova in a
way unprecedented. "Revelation"
is a mighty drama of the screen, based
on a powerful story, that reaches
the heights of sublimity, and de-
scends to the profoundest depths of
the human heart. In "Revelation,"
the great Russian at last has a ve-
hicle worth of her genius and worthy
to head the list of her wonderful ser-
ies of Metro features.

"Revelation" provides Nazimova
with a role that demands the full
sweep of her abilities. As the Paris-
ian grizette, whose soul is laid bare
in this gripping story, Nazimova is
gay and fascinating, capricious and
wilful as a summer storm, cold and
calm one minute, tender and pure
with the serenity of an Arctic sun-
shine, the next. She is selfish, mad,
passionate—she is noble, and self-
sacrificing. She is first the madcap
grizette of the Latin Quarter; then
she is the Madonna of the Rosebush
and of the battlefields. From griz-
ette into saint she is changed by the
sun of revelation. The gay, mad
music of the Paris dance halls merges
into the crash and roar of battle,
and after all comes the still, small
voice by which Joline's grizette soul
is saved. Mme. Nazimova plays Jo-
line, the adorable grizette by whom
a miracle is unconsciously wrought.
The miracle then blossoms in her
own heart.

Every resource known to the art
of motion photography has been de-
voted to making "Revelation" one of
the greatest screen productions of
the age. George D. Baker directed
the picture, which is sufficient guar-
antee of its being handled in an ar-
tistic manner, and Richard A. Row-
land, president of Metro Pictures
Corporation, has placed upon it the
stamp of his approval. The great
star, Nazimova, has fairly revelled
in the remarkable opportunities offered
by the rainbow changes in the per-
sonality of charming Joline. The
great production has mystery, witch-
ery, charm. It has the magic of a
thousand years ago and the grim,
dynamic reality of the present mo-
ment. "Revelation" rolls the ages
into one. It brings the past to illu-
minate and pay tribute to the pres-
ent. It is an achievement of which
both Nazimova and Metro Pictures
Corporation may well be proud. It
is a picture that no one can afford to
miss.

MEMORIAL DAY PROGRAM GIVEN

Parade Ironton Village Hall to Cros-
by Armory. Exercises to be
Held There

Ironton, Minn., May 29—Last Sat-
urday midnight, Ironton and vicinity
were visited by a heavy storm
which rocked many houses on their
foundations and blew down the home
of Walter Ogden. The wind is esti-
mated to have blown 70 miles an
hour.

Memorial Day will be fittingly
celebrated in Ironton. A big parade
has been planned for 10 o'clock in
the morning. It will be headed by
the Ironton band, followed by the
Red Cross band, civic citizens, citi-
zens on foot and in automobiles.
From the village hall the line of
march will lead to the Crosby ar-
mory where the exercises of speeches,
band music, singing, etc., will take
place. In the afternoon there will
be a ball game between Crosby and
Ironton at Crosby. These are teams
of the Central Minnesota Red Cross
League and proceeds go to the Red
Cross of the town where the game
is played. In the evening the Iron-
ton band will give a concert.

E. R. Burns was in Duluth in the
interests of the Cuyuna Range Power
Co.

Staples lost 3 to 2 in Sunday's 13-
inning game.

Miss Agnes Olson of the postoffice
force, is enjoying a vacation in the
Twin Cities.

O. E. Skalmann was at Wadena on
business matters.

Park Commissioner A. W. Stearns
is improving the park south of the
school house.

Banks of Ironton are now open be-
tween 9 A. M. and 4:30 P. M., except-
ing pay days and Saturday nights, on
which days the banks are open from
9 A. M. to 8 P. M.

Louis Compton has added a large
truck to his dray equipment.

Miss Anna Krause is visiting rela-
tives in Little Falls.

Mrs. James Parden is sick in a
Minneapolis hospital.

Near Riverton

Crosby, Minn., May 29—Six Cros-
by boys joined the colors, being part
of the contingent of 75 from the
county who will be trained at Camp
Lewis, American Lake, Washington.
The boys are Howard Shelly, Axel
Peterson, Arthur Pernu, Edwin Kol-
ler Chas. Anderson, Henry Anstett.

Crosby won from Little Falls of
the Central Minnesota Red Cross
League 7 to 6. Incidents were a
distic encounter and jangling over
umpire decisions. Ladeau called a
Little Falls man out for failing to
touch third. It is claimed the um-
pire saw the man miss the sack but
did not make any decision until the
Crosby team called his attention to
it and threw the ball to third.

Mrs. Wm. Lyman, age 73, passed
away in Crosby.

A crew of men and 16 teams are
working on the Black Diamond trail
between Crosby and Brainerd and are
now about a mile west of Riverton.

D. J. Rochon was at Brainerd on
business matters.

Mrs. Theodore Garceau and chil-
dren are visiting relatives in Red
Lake Falls.

Axel Anderson, called to the colors,
was presented with a wrist watch by
employees of the Meacham mine
where he was employed as clerk.

The Spalding hotel is being re-
modeled.

George E. Webb of Duluth was a
guest of Mr. and Mrs. H. L. Nichol-
son.

Steel flag poles are to be raised at
each of the schools.

Mrs. Welsh at Bemidji attended the
State Federated Women's club meet-
ing as a delegate from the Crosby
Mother's club.

Members of the Friday Study club
held their annual picnic at Bay Lake
This was the last meeting of the sea-
son.

Mr. and Mrs. W. H. Bamberg vis-
ited in Chisholm.

Otto Ludwig is building a cottage
in Hale's addition.

Thomas M. Savage, assistant fac-
tory inspector, examined industries
in Crosby and it is said had no com-
plaints to register.

Mr. and Mrs. W. C. Deering motored
to Brainerd and took part in
the Red Cross parade.

ALLIED FORCES GIVING GROUND

Powerful German Military Machine Is in Full Swing on 20-Mile Front.

RESERVES COMING UP

Verdun-Paris Railway Has Been Cut and Teutons Have Advanced Between Ten and Twelve Miles on Center of Attack.

London, May 28.—Along the 20-mile front in the Aisne river sector, between Vailly and Berry-Aul-Bac, the powerful German military machine is in full motion and, greatly outnumbered, the French and British are giving ground.

The arrowhead of the German advance between Soissons and Rheims has penetrated to a depth of between 10 and 12 miles. The Verdun-Paris railway has been cut. The Crown Prince's army has crossed the river Vesle on both sides of Fismes, an important town on that line of communication. While the Teutons were able to advance at great speed in the center, they are held on both flanks.

Reserves Coming Up Fast. Allied reserves are coming up fast and in great strength.

On their right, the Germans have been stopped by fierce French counter attacks. The French hold the heights east and northeast of Soissons which dominate the Vesle Valley. From these hills the seventy-fives are holding a continuous, deadly reuel of the massed Teuton columns in the center.

Enemy Held on Left by British.

On their left the Germans are being held up by the dogged resistance of the British, whose line pivots on Fort Thierry. The Britons are inflicting frightful losses on the foe. Thus, the Crown Prince has been stopped on both flanks.

According to the German official communications, numerous towns and villages in the fighting zone have been taken by the enemy and 15,000 Allied troops already have been made prisoners.

The offensive is being carried out with the greatest rapidity, for the German high command is well aware of the fact that General Foch's re-

serves have been reported to be coming up rapidly to reinforce the hard pressed British and French who are fighting valiantly against the terrible odds and making wave upon wave of the enemy pay dearly in casualties for every foot of ground they obtain.

Notwithstanding the rapidity of the drive and the large number of the enemy pressing it—some unofficial estimates place the number of shock troops alone at 25 divisions, or about 200,000 picked men—the Allied front nowhere has been pierced, but under the onslaughts has bent back in perfect fashion and all the time giving battle. With such precision has the retirement been conducted that both the British and the French troops have been able to carry back with them all of their supplies and guns or to destroy those they were not able to handle.

In Flanders, the French and British have turned the tables on General von Armin's forces. What little the Germans gained there yesterday, near Dickebusch Lake—was wrested back from them and all their assaults on the Lore positions, a little further southwest of Ypres, were vain and terribly costly.

BRITISH CASUALTIES HEAVY

German Forces Suffer Severely During Fierce Fighting.

London, May 29.—Although the British losses admittedly are considerable, the latest reports from the front state that the enemy's casualties are extremely severe as a result of some of the fiercest fighting since March 21.

While appreciating the gravity of the situation in view of the crossing of the Aisne, military circles are calmly confident that the enemy will be unable to accomplish his obvious purpose of weakening the other fronts where the main attack undoubtedly will be projected.

Mooney is Again Sentenced.

San Francisco, May 29.—Thomas J. Mooney, convicted of complicity in the dynamiting of the preparedness parade here, July 22, 1916, again appeared before Superior Judge Griffin to be sentenced to death. An appeal from Judge Griffin's decision refusing Mooney a new trial on a writ of "coram nobis" already is on file.

Fifty-five Ships Built in May.

Washington, May 29.—Fifteen steel ships and three wooden ships, with a total tonnage of 109,700, were launched during the week ending May 25, the shipping board announced. This figure brings the launchings for May up to 30 steel ships and 25 wooden ships. Ten steel ships, with a total tonnage of 63,486, were completed in the last week. Of this number, eight were requisitioned ships and two were built under contract. All shipping board tonnage figures are dead-weight.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of Limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.
